Anything Is Pawsible

Miracles do happen and we're glad to be a part of making them a reality. Just take a look at the before and after photos of Chase. Chase came to us from the Horry County Animal Shelter. He had serious skin issues and they put out an SOS. We did not hesitate to go rescue him. Chase went through several rounds of antibiotics for varying skin ailments. But he was a trooper through it all: taking his medication like a good boy; allowing us to apply ointments; and cooperating for lots of medicated baths. Chase quickly stole the heart of one of our board members. And like the saying goes, the rest is history. Chase is now living the good life in his "forever" home. We love happy endings like this one.
